

All service prices are expressed **in Euro excluding VAT** (including VAT). Services must be **paid upon restitution**. The average analysis time at LFG is **one week**.

To benefit from professional rates, a Kbis extract from the company dated less than 3 months will be requested for the creation of the customer account.

Each deposit must be accompanied by an entrust (deposit form indicating the goods entrusted and the analyses requested). It is possible to download it online in the «Deposit your stones» section.

For each deposit, a deposit slip will be given to you summarizing your request. This document is **mandatory** for the restitution.
